

INTRODUCING THE NEW

DUCHENNE DATA FOUNDATION BOARD MEMBERS

We are thrilled to announce that we have extended our Board of Directors.

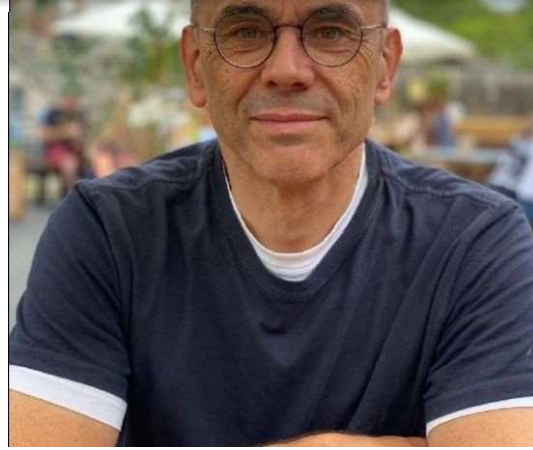

We invited professionals with new experiences, capacities and know-hows to participate in our [Board of Directors](#) to work together and improve the life of those with DMD/BMD.

READ ALL ABOUT OUR NEW BOARD MEMBERS

KLAIR BAYLEY

Klair is a qualified nurse and midwife with more than 25 years-experience both in the UK and Australia. Since 2007 Klair has worked tirelessly within the Duchenne community, both across Australia and through international collaborations. Her middle son Logan has Duchenne.

ROB SCHREUR

Rob is father of a daughter, Lizanne, with Duchenne Muscular Dystrophy and three sons, Bram, Sander and Mike. To raise awareness and funds for DMD, Rob together with his team RideForLiz participated in Duchenne Heroes for a number of years.

SEJAL THAKRAR

Sejal has a son, Shiv, with Duchenne and they live in London, UK. Following his diagnosis in 2014, Sejal gave up her career as a Customer Intelligence Data Analyst Manager and uses her experience to assist Duchenne UK.

Dr BS AJAIKUMAR

Dr. Ajaikumar is a doctorpreneur and the Executive Chairman of HealthCare Global Enterprises Ltd. He is a radiation and medical oncologist with over 40 years of experience. Dr. Ajaikumar has a son with Duchenne.
